

Marking Services Canada Ltd.

MS-900 Directional Flow Arrow Tape

Marking Services Canada (MSC) offers MS-900 self-adhesive arrow tape as an economical and easy way to mark piping systems. Our self-adhesive arrow tapes are made from a premium grade vinyl material suitable for identifying pipes in a wide variety of environments. Designed to be highly visible and durable, MS-900 arrow tape provides employees information regarding direction of flow of a pipe's content.

MS-900 self-adhesive arrow tape can be installed quickly and efficiently. Simply clean and dry the pipe, remove from the coated paper backing and place in the desired location.

- Highly visible color-coded arrow tape makes it easy to differentiate between systems and determine content flow
- Printed on premium-quality, fade-resistant vinyl with durable, industrial grade adhesive
- Adheres well to pipe and insulation with only limited surface preparation
- Available in the following stock color combinations: Black arrows on Yellow, Green, Orange, or White; White arrows on Green, Red or Blue
- Standard roll sizes are 1", 2" and 4" wide by 30 yards long
- Standard arrow tape complies with the ASME A13.1 "Scheme for the Identification of Piping Systems" standard with regard to arrow size and width of tape
- Fast turnaround with off-the-shelf delivery on stock legends
- No minimum order quantity
- Custom colors and sizes available

Marking Services Canada Ltd.

Pipe Diameter	Tape Length	# Bands/Roll
2"	8"	135
4"	14"	77
6"	21"	51
8"	27"	40
10"	35"	30
12"	41"	26

Current 2015 ANSI/ASME A13.1 Standards

Classification	Color Scheme
Defined Applications	
Fire Quenching Liquids	Red
Toxic and Corrosive Fluids	Orange
Flammable and Oxidizing Fluids	Yellow
Combustible Fluids	Brown
Potable, Cooling Boiler Feed and Other Water	Green
Compressed Air	Blue
Undefined Applications	
Defined by user	Purple
Defined by user	White
Defined by user	Gray
Defined by user	Black

*ASME (ANSI) A13.1 1996 and 2007 spec colors available

Marking Services Canada improves and standardizes the identification of hazards and components to promote safer work environments and minimize downtime due to errors or accidents. We provide a full complement of identification products designed to fulfill all needs for identification in nearly any environment. Through our commitment to providing value-added services, high-quality products and on-time delivery, MSC offers you a one-stop, comprehensive source for all your identification needs.
